APPLICATION NOTES

1. This EGR tube kit is to be used in conjunction with Garrett turbocharger part number 778445-0001 (or 778445-5001S) as a service replacement system.
2. Intended for use with stock OE engine calibration only. This EGR tube is not intended for use on vehicles tuned for increased power.

SAFETY NOTES

We recommend that this kit be installed by a qualified automotive technician. If you have any doubts as to your ability to install this kit, consult with a local automotive repair company. Please be sure to carefully read all of the attached instructions prior to starting the installation process. If you have any questions about the enclosed parts or the instructions, call the distributor that you purchased the kit from for clarification.

Prior to the kit installation, be sure that the vehicle is parked on a level surface and the engine is cool. Engine fluids and components can be extremely hot following normal vehicle operation. Avoid direct contact of engine fluids or components with your skin which may cause personal injury.
