

Alessandro Gili
Senior Vice President and Chief Financial Officer
Garrett - Advancing Motion

Alessandro Gili is senior vice president and chief financial officer for Garrett - Advancing Motion, a global leader in turbocharging technologies, electric products and automotive software. He leads Garrett's financial organization and is a key member of the executive leadership team helping to develop the company's business and differentiated technologies in the automotive industry.

Gili is a performance-driven strategist with a successful 20-year track record in the automotive industry. Before joining Garrett, Gili was CFO of Ferrari, where he helped lead the management and completion of the IPO and spinoff from Fiat Chrysler Automobiles (FCA) in 2015.

Before becoming CFO, Gili held multiple positions with Fiat FCA US and FCA, including group chief accounting officer and principal accounting officer and vice president of World Class Finance and Processes. He began his career at FCA in 2002 as an account executive for Fiat Auto.

Earlier in his career, Gili worked with consulting firms KeyG Consulting and Irma Consultants in Italy. He began his career as an auditor with Coopers & Lybrand in 1994.

Gili holds a degree in economics, finance and administration from the University of Turin, Italy, and is a Certified Public Accountant and Certified Public Auditor in Italy. He is based in Rolle, Switzerland, and reports to Garrett President and CEO Olivier Rabiller.
